

Food Integrity Assurance update

Booking your SQC assessment

We are almost at the end of the current SQC Scheme year with over 92% of the membership now assessed, so thank you for all those who have supported our hard-working assessors with early appointments.

Under SQC's product certification model membership approval to the SQC Scheme is maintained on an ongoing basis providing each member receives an annual assessment (to be within each scheme year i.e. between 01 October and 30 September) which is certified. The approval status of membership is updated daily to the new SQC industry checker and used by the industry to validate if the grain they are buying is SQC assured.

All SQC members are required to have an assessment prior to the end of the Scheme year, 30 September 2025. If you have not had your 2024_25 SQC assessment an assessor will be in touch to arrange an appointment - please accommodate this as soon as possible to ensure you are assessed on time. Any member not assessed before 30 September 2025 is at risk of having their SQC membership suspended.

We would also like to remind members that if they choose to withdraw from the SQC Scheme they will no longer be approved and any grain in store will no longer be marketed as assured.

Thank you all again for your continued support for the SQC Scheme and if the FIA Team can be of any assistance, please contact us on 0131 609 0558 or via email info@foodassurance.co.uk
